2021 TESTIMONIALS

“We are very excited about our daughter being at Rain Trees. She has felt at home from the very start and has made many good friends. We feel that the teachers form a very close bond and are very caring towards the kids. The teaching being very playful helps her grow her own mind and question the world around her. We do enjoy seeing her journey at Rain Trees.”

Sebastian and Laura , Parents of Mia (German)

“Rain Trees has given our son exactly the kind of "first time school" experience we hoped he would have: welcoming, comforting and fun. We feel that all the teachers and support staff put great effort into making kindergarten a positive and loving experience, which we think sets the children on a good path for their future school journey.”

Natasha and Andrew, Parents of Christian (Singaporean)

96% of PARENTS RATE OUR TEACHERS AS FANTASTIC

“We chanced upon Rain Trees while searching for a kindergarten for our daughter that would educate while allowing her to enjoy her childhood and develop her social skills. We visited several kindergartens in our search but when we found Rain Trees, the decision was immediate. We were delighted with what we saw and heard during our visit, but more importantly, our daughter was instantly happy with the environment and the team. We now have 2 children at Rain Trees, both are excited to go every day to play with their friends. They have great affection for their teachers and their educational development is astounding. Rain Trees is a brilliant, nurturing environment where children blossom. We could not be happier and we would strongly recommend that parents searching for a kindergarten take a look for themselves.”

Anthony and Angharad, Parents of Elenna & Aidan (British)

“Rain Trees has instilled an incredible love for learning in our son Frederik. He loves going to school every day on the school bus, and he feels very safe and secure at the school. Rain Trees offers the perfect environment for young children, and we cannot recommend this preschool enough! A warm, caring, yet academically top of class pre-school.... we absolutely love Rain Trees and so does our son, the best testament you can get.

CARING | EXPLORING | FUN

“Joining Raintrees has been the best decision for Tessie. It’s a gift that keeps on giving. Tessie continues to thrive in a superb learning environment and the parents are fantastic too. We couldn’t be happier with our choice of school..”

Annie and Sam, Parents of Tessie (British)

“We put Yuvaan at Rain Trees as we were looking for a small, caring and international environment for him to thrive after having not so great experience at a franchise-based pre-school. We are extremely happy about our decision as Yuvaan has evolved into a confident and happy child over the course of the last few months. His vocabulary, confidence and interaction with other adults and kids has improved by leaps and bounds and we cannot thank the teacher and staff of Rain Trees enough.

Debjit and Devleena, Parents of Yuvaan (Indian)

“We have two very different daughters and Raintrees has brought out the best in them both. Our eldest daughter, who has autism spectrum disorder, has grown so much in confidence since starting and also made her first real friends here. Our youngest daughter, meanwhile, has enjoyed all the exciting learning opportunities on offer, and often recreates them at home! Both girls go happily to Raintrees in the morning and both are buzzing at pick-up time about what they have been doing that day. They will be very sorry to leave; even during the holidays, they ask, "When is the next Raintrees day?"!”

Georgina and Alan, Parents of Carrie & Hazel (New Zealand)

“Rain Trees has been the perfect first school for our daughter Sadie, the warm welcoming atmosphere and wonderful teachers have given her the most incredible start. We can't wait to sign up our younger daughter when she turns 18 months and we're sure she'll be just as happy!”

Nikki and Charlie, Parents of Sadie (British)

93% of our parents have recommended Rain Trees to their friends and colleagues

“We love Rain Trees! Our daughter is so happy there and loves telling us about her busy and fun days spent there. We have been very happy parents for 2 years now and are huge advocates of what they do. Our daughter gets a real mix of play and learning which is exactly what we wanted and we have become friendly with the parent community which is a lovely addition for our Singapore experience..”
